Collectors of Confederate notes and bonds have increased very rapidly, necessitating the issue of a Descriptive Catalogue, which has been done, and I respectfully refer to my catalogue for full description and prices of Confederate bonds and all the separate varieties in series and letters of which there are a great many.

I would also state that some few of the varieties in letters and series are scarce, and demand higher prices. Price of catalogue, 50 cents.

I simply wish to state to my friends, and in justice to myself, that in several of the published price lists some of the rarer notes have been mentioned at prices, which I know it is impossible to furnish them at. I have left the rarer notes, of which I have but few in stock, unpriced, and have priced only those which I have in stock, and can supply.

Prices given in above list are not for soiled and torn notes, but for clean and perfect, and in most cases uncirculated notes, suitable for fine collections and also for framing.

Uncirculated and even clean notes of the first issues are not very plenty.

In ordering, it will be necessary to give the number, and enclose 10 cents additional to the price, if to be sent by registered letter, otherwise they will be sent by regular mail, at purchaser's risk.

Letters of inquiry, with stamp enclosed, will be promptly answered.

Dealers wishing to buy wholesale will please apply for prices.

Parties having Confederate notes and bonds for sale will please send full description. I will pay good prices for notes marked rare and scarce on my list, also for notes having two different letters on the same note, and for notes issued by the National and Southern Bank Note Co's.
